Did you mean: [kyung Hyun Jang](#)[Adaptive skin-color filter](#)[postech.ac.kr](#) [PDF]

KM Cho, JH Jang, KS Hong - Pattern Recognition, 2001 - Elsevier

In this paper, we propose a new method, called an adaptive skin color filter, for detecting skin color regions in a color image. The use of skin color provides an efficient way to find candidate regions for faces or hands in color images. However, it is not easy to find skin color ...

JY Pyun, Y Kim, KH Jang, JA Park, SJ Ko ... - IEEE Transactions on ..., 2003 - Citeseer

Abstract — In this paper, we propose a measurement based TCP-friendly rate control (TFRC) that adjusts the coding rates according to the channel characteristics of the wireless-to-wired network. To avoid the throughput degradation of multimedia flows ...

... JH Lee, SY Han, JY Park, RR Oh, JJ Jang, JY Han, JY ... - Cancer research, 1999 - AACR

Chromosome 8p21-22 is a frequent site of allelic deletions in many types of human tumors, including non-small cell lung cancer (NSCLC). Tumor necrosis factor-related apoptosis-inducing ligand-receptor 2 (TRAIL-R2) is a cell-surface receptor involved in cell death signaling. ...

... SM Dong, JH Pi, HK Lee, HS Kim, JJ Jang, CS Kim, SH ... - Cancer research, 1999 - AACR

Fas (Apo-1/CD95) is a cell-surface receptor involved in cell death signaling. The key role of the Fas system in negative growth regulation has been studied mostly within the immune system, and somatic mutations of Fas in cancer patients have been described solely in ...

Expression of Fas and Fas-related molecules in human hepatocellular carcinoma* 1

... , JH Bae, HK Lee, HS Kim, SY Kim, JJ Jang, M Joo, YK ... - Human pathology, 2001 - Elsevier

There is accumulating evidence that Fas is important in the regulation of apoptosis in hepatocytes and plays a role in the pathogenesis of liver diseases, including injury, hepatitis, cirrhosis, and hepatocellular carcinoma (HCC).[25, 26, 27 and 28] Constitutive expression of Fas is ...

Somatic mutations of Fas (Apo-1/CD95) gene in cutaneous squamous cell carcinoma arising from a burn scar

... SY Kim, JJ Jang, KJ Rhim, J Jang, HK Lee, JY ... - Journal of Investigative ... , 2000 - nature.com

Fas (Apo-1/CD95) is a cell-surface receptor involved in cell death signaling, and recent reports have suggested that defects within the Fas receptor pathway such as Fas mutation play an important part in the development and progression of human tumors. Burn scar-related squamous ...
